

CHANTAL GERARDY

AWARD WINNING ONLINE MARKETING STRATEGIST

About Chantal

Would you like to Maximise your Online Marketing Potential?

Hi, I'm Chantal Gerardy an International Award-winning Online Business Strategist.

I empower business owners and their team, with the skills, strategy and systems to successfully manage their online marketing so that it makes sense, and makes \$\$\$, without living online or paying for ads.

I work with business owners who are on a mission to make an impact and don't want to outsource their voice.

I've been there and done that. Have had a mid-life awakening and transitioned from the health and fitness industry into the online marketing space and want to show business owners how they can too whilst having fun online and scaling.

Topics Covered
